This school has not been recognised by the Department, as the same has not been applied for so far by the Corporation of the City of Bangalore apart from the permission accorded to the opening of the school without any financial commitment on the part of Government, as per your letter No E 4242/Ean 44-50-16 dated 19-7-1950

//) No information is available in this office regarding the actual number of sections or the staff employed in that school since no communications have been received from the Corporation in this connection. It is only when full details regarding the classes opened and the staff employed from year to year since the inception of this institution are furnished through the District Educational Officer Bangalore City District would it be possible to examine the need for the additional hands now proposed to be employed. It is not known to this Department what the existing sanctioned scales of expenditure are in that school and who sanctioned them hence no remarks can be offered in respect of the proposals relating to that school.

/2) As regards the proposal in respect of the Corporation High School, Tasker Town, (Blackpalli), this is a school directly under the jurisdiction of the Inspector of Schools, Civil Station, Bangalore and governed by the same rules as in force for other Corporation schools in the Civil Area Bangalore and not by the rules applicable to the Municipal High Schools in the rest of the State. The need for the

the additional staff the scales of pay to be allowed for them etc, will have to be examined and a detailed report submitted by the Inspector of Schools Civil Station, in the first instance. In all such cases the Corporation authorities should send up their proposals through the proper channel. Hence no remarks can be offered in this case also without obtaining a detailed report from the Inspector of Schools, Civil Station, Bangalore. The Commissioner, Corporation of Bangalore may therefore be requested to send up proposals in the matter through the proper channel, i.e. through the Inspector of Schools, Civil Station, Bangalore.

U C No 63-2-53-54
~~53-13-101/53-54~~

Dated 19th October 1953

Returned with the following remarks -

22-10-1953

The required data as pointed out in my previous U.C. Note No 128/52-53 dated 29-12/3-1-1953 (paras 10 and 11 of this U.C. file) has not been furnished through the proper channel (i.e. the District Educational Officer Bangalore City District who is the direct charge Officer). The information now furnished is too meagre to assess the correct position of the school. E.g. - (a) There is no information regarding the strength of the School by classes and sections from time to time. (b) There is no indication as to which of the posts has been got sanctioned and which has yet to be sanctioned. (c) Whether the appointments were made as per rules of recruitment is not clear. (d) The need for additional posts created year after year has not been explained by showing the number of periods handled by each of the teachers. (e) What other items of expenditure are being incurred by the school, i.e., on Clerical and menial staff, Contingent grant, Scavenging allowance etc. and whether any or all of them have been got approved by the competent authority as per rules laid down for Municipal High Schools is to be got clarified. (f) Whether the staff employed is duly qualified should be verified from the statistics to be furnished by the school. (g) Each Municipal High School has a Managing Committee and each additional item

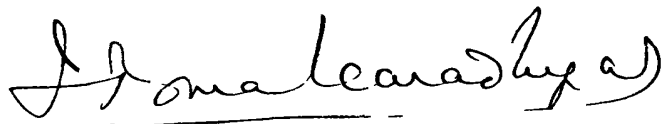

item of expenditure is first approved by that Committee and then the Municipality concerned (the Corporation in this case) approves the same. Copies of resolutions of both the above bodies are enclosed to the proposals while seeking approval of the Department. Such a procedure is to be necessarily adopted in this case also.

(h) The school authorities have not cared to apply for formal recognition of the Department inspite of so many years having lapsed since the date of its starting and inspite of the same being pointed out several times by this office. Thus, for want of formal recognition the school is at present practically an un-recognised school.

(i) Unless a detailed scrutiny is made by the District Educational Officer, Bangalore City with reference to all the above observations after obtaining all the required details it is not possible to furnish any definite remarks as already indicated in my previous note.

References are being made by the Corporation directly to Government by-passing this Department against the rules clearly laid down in regard to the Management of the Municipal High Schools (vide Mysore Educational Manual Vol VII). In fact at present the power to sanction the additional items of expenditure incurred in Municipal and District Board High Schools vests with the Director of Public Instruction himself though in this particular case sanction of Government would be required if no sanction has been obtained for the expenditure incurred even at the initial stage of starting of the school.

The Commissioner may therefore be directed to send up detailed and complete proposals with all the information and copies of resolutions required through the District Educational Officer, Bangalore City District as already indicated in my No. 10 note dated 3-1-1953 under reference.

Subject Appointment of
additional Staff for the
Corporation High Schools

Sir,

With reference to
the Correspondence regarding
your letter no
A 6-41/53 dated 23/9/53
on the subject as above
decided to state that
the reformation, furnished
is different as the following
Respects for a correct
assessment of the position
of the School which is a
necessary precedent to
examine your proposals
for augmenting the Staff:-

(1) There is no reformation
Regarding the strength of
the School by classes and
Sections from time to time

1p

(2) There is no indication as to which of the posts has been got sanctioned and which has yet to be sanctioned

(3) Whether the appointments were made as per, Rules 2 Recruitment is not clear. All these appointments should be regularised on the light of considerations raised in G.O. no 1 6363-70 104 1-52-74

Dated 28-8-1953
4-9-1953

(4) The need for additional posts created year after year has not been replaced by showing the number of periods handled by each of the teachers

(5) What other items of expenditure are being incurred by the School i.e. on clerical and medical staff, contingent grant, travelling allowances, etc and whether any or all of them have been got approved by competent authority as per Rules laid down for the management of Municipal High Schools requires to be clarified

(6) Verification as to the staff employed being duly qualified has to be ascertained from the statistics to be furnished by the School

17

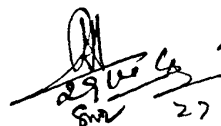

The D.P.O. has' transmt
to advise that the Corporation
has not applied for Recognition
of its Schools in spite of the
lapse of 50 many years
and ^{also} the Board having been
pointed out by them several
times. Will not formal
Recognition these Schools
have remained to be
practically unrecognized
institutions. Action should
be taken immediately for
getting Departmental Recog-
nition for the Schools

All proposals for the
Revision and Re-organisation
of ^{rel} High Schools should come
to Government through the
D.P.O. in a final form
for orders of as in the
present case the proposal is
recommended direct to Govt
it will entail Govt getting
into correspondence with
the Departments concerned
on behalf of the Corporation
which it is desirable to
avoid

I am to Request you

therefore to Speed up detailed
proposals and complete
refutation to the GPO
through the BFO, BFO only

To

The Commissioner,
Corporation of the City of Bangalore,
(thru' the Mayor)

Sir,

Subject Appointment of additional staff for the
Corporation High Schools

With reference to the correspondence ending with your letter No 16 41/53 dated 3rd September 1953 on the subject, I am directed to state that the information furnished is deficient in the following respects for a correct assessment of the position of the school which is a necessary precedent to examining your proposals for augmenting the staff -

(I) there is no information regarding the strength of the school by classes and sections from time to time

(ii) there is no indication as to which of the posts has been got sanctioned and which has yet to be sanctioned

(iii) whether the appointments were made as per rules of recruitment is not clear All these appointments should be regularised in the light of instructions issued in Government Order No L 6763-70/CM 1-52-74 dated 28-3-1952/4 of 1953

(iv) The need for additional posts created year after year has not been explained by showing the number of periods handled by each of the teachers,

v) what other items of expenditure are being incurred by the school i.e., on clerical and menial staff, contingent grant, scavenging allowances etc., and whether any or all of them have been got approved by competent authority as per rules laid down for the management of Municipal High Schools requires to be clarified

vi) Verification as to the staff employed being duly qualified has to

The Director of Public Instruction has brought to notice that the Corporation has not applied for recognition of its schools inspite of the lapse of so many years and also the same having been pointed out by him several times. Without formal recognition these schools have remained to be practically unrecognised Institutions. Action should be taken immediately for getting Departmental recognition for the schools.

All proposals for the revision and re-organisation of Municipal High Schools should come to Government through the Director of Public Instruction in a final form for orders. If as in the present case the proposal is submitted direct to Government it will entail Government getting into correspondence with the Departments concerned on behalf of the Corporation which it is desirable to avoid.

I am to request you therefore to send up detailed proposals with complete information to the Director of Public Instruction for submission to Government.

Yours faithfully,

SD G V K Rao
